### Duffy-Mott Workers Push R. C. Over Goal

A letter from the Duffy-Mott company at Aspers, accompanied by a check for \$240 from the employees of the company, this morning put the Adams county Red Cross chapter "over the top" in its fund drive that opened March 1 with a total of \$13,726.38.

The original goal was \$13,000 but late in the month \$650 was added as the chapter's quota for disaster relief in flood and storm swept southern and midwest states.

The Duffy-Mott letter said employees there "are glad to make this donation of \$240 to help alleviate the misfortune in the Missouri flood area." The letter was signed by B. W. Hughes, plant manager.

This new donation from the Duffy-Mott workers is in addition to contributions they made to the original Red Cross appeal in March.

### YW WORKSHOP IS ADDRESSED BY TWO WOMEN

"Lack of discipline leads to lawlessness," declared Mrs. W. R. Sammel at a meeting of the YWCA committee workshop Tuesday evening in the Y. Mrs. Sammel, president of the board of directors, explained that "pure freedom lies in the voluntary acceptance of responsibility." She discussed fellowship in its relationship to the group of women and girls in the Y and explained that "as we are Christians, it means fellowship with our Lord."

The president introduced the guest speaker of the evening, Mrs. Henrietta Martin, York, executive director of the York YWCA, after the devotional period. Mrs. Martin outlined the responsibility of committee work and of the board members and revealed the importance of their work.

"It is a role to be learned, just like a great actress," she declared. "You must learn your lines and get the feeling of the play; you must work hard; you must be willing to accept instructions from others."

**Largest In World**  
Stating that the YWCA is the largest women's Christian organization in the world, Mrs. Martin explained that the representatives of the group must learn its history, traditions, programs and problems in order to discuss it with the public.

In belonging to the Y, she showed how the members can learn much about women from other countries. "Each community has a problem of its own," Mrs. Martin stated. "We must study the problems involved in our own town to meet the needs of the young women in their own peculiar circumstances."

**Receive Reports**  
At the conclusion of Mrs. Martin's address, the various committees met to outline their programs and goals for the coming year. The following reports were presented: Mrs. Frank H. Kramer, chairman of the health program, announced that, among other plans, a cooking school would be organized. Mrs. William Pensyl, chairman of the membership committee, said her group set a goal of 350 members for 1952. Mrs. Fred Pfeffer, chairman of the world fellowship committee, announced a display of "Y" program booklets dealing with programs in foreign countries will be placed in the library. Mrs. Charles E. Weikert, chairman of the house committee, announced plans to improve the "Y" kitchen.

Mrs. John S. Rice, chairman of public affairs, announced that Dr. Basil Crapser of Gettysburg college will give a six-weeks' course on the United Nations, to be followed by a trip to New York city to attend at least one session of the assembly, and that, beginning in January, local legislation will be studied with a series of lectures as part of the program. ### MAN BURNED BY ELECTRIC WIRE WHILE PAINTING

A painter employed by the Sun Oil company headquarters in York engaged in painting signs at a service station operated by Roy W. Hankey and Son, three miles east of Gettysburg on the Lincoln highway, was badly burned at 1 o'clock Tuesday afternoon when his right arm came in contact with a 4,600-volt electrical distribution line of the Metropolitan-Edison company.

The Warner hospital gave his name as Allen L. Cleckner, 38, of Manchester R. 1. He was taken to the hospital in the ambulance, where this morning his condition was reported as improved, but still serious.

The current from the high voltage line passed through both arms, according to the hospital. The right arm suffered the worst burns and was ripped open. Cleckner was on a ladder about 15 feet from the ground. In addition to the severe electrical burns of both arms and shock, he suffered contusions of the chest and abrasions and contusions of the face when he fell from the ladder.

The 4,600-volt line is a distribution line from Gettysburg which feeds consumers along the Lincoln highway east of Gettysburg. Part of the service station sign Cleckner was painting is close to the line.

### TOWN BAND IS SEEKING FUNDS FOR NEW SUITS

Members of the Blue and Gray band, who have been working for the past several months to raise funds the purchase of new uniforms, today launched an appeal for additional contributions.

Numerous clubs and other local organizations have contributed to the band fund, but the latter is still short of the amount needed, and the band today gave other organizations, businessmen and others an opportunity to add to the fund.

**Engagements Booked**  
"Since the main purposes of the band organization are to furnish a means for furthering music activities for the 'out of school' people, and to be of service to the community, the members of the band feel their obligation to make an attractive appearance both in the community and in neighboring towns," George Olinger, treasurer, said. "We feel, therefore, that many citizens would like to help the band (Please Turn to Page 2)

### Ballot Cost Ranged From \$4 To 22 Cents

Adams county had to expend 48 cents for each civilian vote cast at Tuesday's primary—and \$4 for each of the 35 military ballots cast.

The expense per vote varied from Hamiltonban No. 2, where it cost the county \$3.50 for each vote cast, to Gettysburg Second ward, where the large "economy size" vote brought the cost per ballot down to 22 cents.

The county paid out \$2,833.10 to election board officials who served at the primary. The cost per ballot, as worked out by the county election board, includes also the cost of the ballots and supplies. The cost of the election, including the amount paid for election officials, ballots and election supplies was \$3,800.85. Of that amount, \$140 was for the 164 different ballots that had to be printed for the military vote.

### CLUB MEMBERS ARE ASSIGNED TO S. A. DRIVE

Members of the Exchange club who will assist in the current Salvation Army fund campaign by soliciting the business district in Gettysburg were given assignments at Tuesday night's meeting of the club at Banker's restaurant.

N. A. Meligakes is in charge of the business district solicitation. Assignments were made by him to the following volunteers: Mr. Meligakes, Lincoln Square; Richard Shaeffer, both sides of Carlisle street; John Slentz, north side of York street; Glenn Guise, south side of York street; Robert P. Snyder, east side of Baltimore street; Eugene Weishaar, west side of Baltimore street; E. Donald Scott, north side of Chambersburg street and David E. Garfinkle, Jr., south side of Chambersburg street.

**Seek Blood Donors**  
President E. Donald Scott presided at the meeting. Jay Bringham reported on a state meeting at Bedford Springs last week, and announced that a new building is to be dedicated at Pennsylvania Junior Republic, Grove City, May 3. An invitation was extended to local Exchangeites to attend.

Letters were read from the Blue and Gray band thanking the club for a contribution to the band's fund for new uniforms and from Paradise Protectors for providing free admission for 40 youngsters at the Riedel Magical Revue sponsored by the club last week in the high school auditorium.

### MINOR OFFICE OUTCOMES ARE STILL IN DOUBT

Adams county's voters Tuesday selected the greater majority of 126 Republican committeemen and 104 Democratic committeemen and women scheduled to be named at the primary election.

In some districts, however, where there were numerous write-in votes, the ultimate decision on who some of the committee members will be will have to be decided by the county election board when it draws off the ties that resulted. In a few instances the voters apparently had no particular choice for the offices and failed to fill them.

Three Republican committeemen were to be selected from each district. Two Democratic committeemen were to be named from each district and in addition a Democratic committeewoman was to be named in 20 districts. The districts in which committeewomen were scheduled to be named are so listed in the results of the district elections which follow:

**Hamiltonban No. 2**—Republican committeemen, John W. Naugle, 3; Elmer Daywalt, 3; Allen Daywalt and Edgar Strang, each one; Democratic, Lloyd Strang, 3, only candidate. 12 Republican and four Democratic votes cast.

**Highland**—Republican committeemen, J. Allen Kane, 13; Walter Hay, J. Howard Brown, Clarence Weikert, C. M. Barup, Glenn Keifer and John Beard, each one vote; Democratic committee, Ray Walker, 47; Russell Stoops, 6; Robert Carbaugh, 5; Ray Carbaugh, 3, three others with one vote each. A total of 50 votes were cast.

**Mt. Pleasant No. 1**—Republican

### SCHMIDT HEADS INTERFACULTY CLUB FOR YEAR

The Rev. Herbert H. Schmidt, librarian at the local seminary, was elected president of the Interfaculty club Tuesday evening at a meeting held in the Fine Arts building on the Gettysburg college campus.

Rev. Dr. Harold Dunkelberger, of the Bible department of the college, and former secretary, was named vice president. Dr. Glenn Weiland, of the chemistry department of the college was elected secretary.

Programs for next year's meetings, to be held once a month from November to April were suggested. Among the suggestions were a talk (Please Turn to Page 2)

## Defeats All Opponents By More Than 530,000 Votes; Adams County Democrats Favor "Ike"

Francis Worley, Latimore township, won the Republican nomination for representative from Adams county in the General Assembly by a margin of 720 votes in Tuesday's primary over Assemblyman H. Earl Pitzer, Menallen township, who was seeking re-election.

Worley, who served as assemblyman from this county for eight years before Pitzer's current term, carried 32 of the 42 voting districts in the county to roll up a total of 2,092 votes. Pitzer was high man in ten districts and garnered 2,372 votes.

**Mrs. Orner Wins**  
Pitzer carried his home township of Menallen by a margin of 53 votes and carried two of Gettysburg's four voting districts but lost the borough by 30 votes. Worley's total in the borough was 613 and Pitzer's, 583. Worley took the lead when the first districts reported Tuesday night and stayed ahead throughout the count.

In another contest that attracted considerable interest Mrs. Ruth Linah Orner of Bendersville defeated Mrs. Esther Hayberger of Gettysburg 3,266 to 1,643. Mrs. Orner carried 36 districts and Mrs. Hayberger five including the Third ward in Gettysburg. They each received four votes in the second Mt. Pleasant township district.

**Some Figures Unavailable**  
No tabulation was made of the unopposed candidates in the local voting on Tuesday.

State Senator Donald P. McPherson received a large complimentary vote for the unopposed Republican renomination for state senator from the Adams-Franklin district. G. Charles Middour, Waynesboro, used stickers and write-in votes to get the Democratic nomination.

S. Walter Stauffer, York, received 3,663 votes in this county as the Republican candidate for Congress from the new York-Adams-Cumberland district. He was not opposed. This county gave James P. Lind, Democratic candidate for re-election to Congress, 1,777 votes but no district figures were available.

Clarence W. Epley of Gettysburg was elected to the Republican State committee without opposition. Scattered write-ins against him will not be tabulated until the official count.

**Elect GOP Delegates**

Samuel S. Lewis, York, and George W. Kunkle, Carlisle, neither of whom promises to support the popular choice for president, were elected as GOP convention delegates, and J. Arthur Boyd, Littlestown, and Oliver J. Dickey, New Cumberland, were named as alternates. All were unopposed.

John H. Bashore was elected Republican county chairman for two more years without any opposition. John D. Lippy, Jr., Gettysburg, the unopposed candidate for the Demo-

Adams countians made it clear Tuesday that their fellow countian General Dwight D. Eisenhower, is their choice for President of the United States.

General Eisenhower led the Republican ticket in this county in Tuesday's voting and Democrats wrote his name in more often than any other candidate.

The Republicans gave Eisenhower a total of 3,929 votes. The nearest approach to that was the 3,915 bal-

Philadelphia, April 23 (AP)—Gen. Dwight D. Eisenhower's whopping popularity poll victory in the Pennsylvania primary prompted demands by his backers today for a Lion's share of the state's 70 GOP presidential nominating votes.

But backers of Sen. Robert A. Taft of Ohio, the general's chief opponent for the Republican nomination, called the results "meaningless" so far as the division of convention votes is concerned.

It was a one-sided contest from the start, since Taft kept his name off the ballot and urged his backers not to write it in. He said the results wouldn't affect the delegate lineup.

**Impressive Victory**  
Eisenhower's sweep was impressive in the Republican popularity contest, despite Taft's avowed efforts not to become involved as a candidate. Returns from 8,127 of the state's 8,421 precincts showed:

Eisenhower 825,922; Stassen 117,596; (write-in) Taft 166,451; MacArthur 5,341; Warren 2,897 (includes 1,062 of 1,083 precincts in Allegheny county (Pittsburgh) and 1,417 of 1,417 precincts in Philadelphia).

In the Democratic contest, where there was no name on the ballot and all votes were write-ins, Kefauver got 81,442 votes and Truman 21,358 from 7,839 of the 8,421 precincts.

**Democratic Support**  
Eisenhower was third on write-ins, with 17,712 votes. He was ahead of such Democratic candidates as Sen. Robert S. Kerr of Oklahoma, 112, and Richard Russell of Georgia, 1,291, and W. Averell Harriman of New York, 1,538. He topped Gov. Adlai Stevenson of Illinois, who said he "could not accept" a nomination but drew 2,869 votes, and Vice President Allen Barkley, 391, who has been silent on his plans.

Taft got 1,000 Democratic write-ins and Mrs. Eleanor Roosevelt 1,108, the latter almost entirely as a result of a sticker campaign in one Philadelphia ward.

**Martin Wins Easily**  
Sen. Edward Martin, generally regarded as leaning toward Taft, won renomination for a second term race. He will be opposed by Democratic Guy K. Bard, a judge of the U.S. District court in Philadelphia.

Martin won the GOP nomination over former Congressman James P. Scoblick of Archbald, Lackawanna county, and Steele Clark of Indiana county.

Martin polled 768,978 votes in 7,813 of 8,421 precincts. Scoblick had 99,604 votes and Clark 152,634 votes.

On the Democratic side Judge Bard of Lancaster outdistanced former Auditor General G. Harold Wagner of Luzerne county and will face Martin in the November general election.

In 7,438 precincts of the 8,421, Bard had 290,642 votes and Wagner 129,549.

**Democratic Surprise**  
The surprise of the balloting was the strong showing of a Duryea, Pa., native, Edward B. Joseph, in his bid for the Democratic nomination as auditor general. He lost to Miss Genevieve Blatt of Pittsburgh, backed by the Democratic state organization, but only because he failed to carry the big city vote. He outscored Miss Blatt in most of the rural counties.

On the Republican ballot, Auditor General Weldon B. Heyburn was unopposed for the GOP state treasurer's nomination, and State Treasurer Charles R. Barber of Erie won the party's nomination to seek Heyburn's job in November.

State Senator George M. Leader of York won the Democratic state treasurer nomination without opposition.

**All Counties For Ike**  
In the presidential balloting, all 67 counties turned in a majority for Eisenhower.

The state's industrial centers, like Erie, Lancaster, Harrisburg, Allentown, Scranton, and Philadelphia, rolled up majorities for the general ranging from 8-1 to 10-1. In the rural areas Eisenhower fared as well but on a smaller vote basis.

Judge John Arnold of Clearfield county won convincingly over Judge Harry Montgomery of Allegheny county in the contest for the Republican nomination for a seat on the State Supreme court.

Montgomery had no opposition for the Democratic nomination and cross-filed on the Republican side. They are after the seat left vacant by retirement of Chief Justice James Drew.

Albany, N. Y., April 23 (AP)—Gen. Dwight D. Eisenhower's supporters beat down most of yesterday's primary opposition and apparently assured him of at least 85 or 90 of New York's 96 national-convention presidential votes.

Friends of the general won eight (Please Turn to Page 2)

lots cast for U. S. Senator Edward Martin in his campaign for re-election.

On the Democratic ticket, where no names were printed on the ballot for President of the United States, "Ike's" name was written in 342 times. The runner-up was Senator Estes Kefauver who received 316 write-in votes.

**Voting Is Light**  
The voting Tuesday was comparatively light—only about 43 percent of the registered voters went to the polls. There were 5,749 Republican and 1,619 Democratic ballots cast. There are 16,784 men and women eligible to vote.

Harold E. Stassen, only other Republican candidate with his name on the GOP ballot, received only 412 votes in this county but Senator Robert Taft had his name written in 872 times by Republicans. There were 66 write-in votes for General MacArthur and "8 for Governor Warren of California.

The Democratic votes, excepting those for Eisenhower and Senator Kefauver, were widely scattered. President Truman got 65 votes, Gov. Stevenson of Illinois, 7; Russell, 11; MacArthur, 19; Harriman, 25; Stassen, 5; Taft, 43; Barkley, 5; David Lawrence, 2; J. Edgar Hoover, 1; Douglas, 1; Kerr, 1, and John S. Fine, 1.

Munich, April 23 (AP)—Allied true negotiators accused the Communists today of dodging the main issue blocking arrangements for enforcing a Korean Armistice.

The Communists replied there would be "no progress at all" unless the United Nations Command changed its attitude.

### Duffy-Mott Workers Push R. C. Over Goal

A letter from the Duffy-Mott company at Aspers, accompanied by a check for \$240 from the employees of the company, this morning put the Adams county Red Cross chapter "over the top" in its fund drive that opened March 1 with a total of \$13,726.88.

The original goal was \$13,000 but late in the month \$650 was added as the chapter's quota for disaster relief in flood and storm swept southern and midwest states.

The Duffy-Mott letter said employees there "are glad to make this donation of \$240 to help alleviate the misfortune in the Missouri flood area." The letter was signed by B. W. Hughes, plant manager.

This new donation from the Duffy-Mott workers is in addition to contributions they made to the original Red Cross appeal in March.

Mrs. Sammel, president of the board of directors, explained that "pure freedom lies in the voluntary acceptance of responsibility." She discussed fellowship in its relationship to the group of women and girls in the Y and explained that "as we are Christians, it means fellowship with our Lord."

The president introduced the guest speaker of the evening, Mrs. Henrietta Martin, York, executive director of the York YWCA, during the devotional period. Mrs. Martin outlined the responsibility of committee work and of the board members and revealed the importance of their work.

"It is a role to be learned, just like a great actress," she declared. "You must learn your lines and get the feeling of the play; you must work hard; you must be willing to accept instructions from others."

#### Largest In World

Stating that the YWCA is the largest women's Christian organization in the world, Mrs. Martin explained that the representatives of the group must learn its history, traditions, programs and problems in order to discuss it with the public. In belonging to the Y, she showed how the members can learn much about women from other countries.

"Each community has a problem of its own," Mrs. Martin stated. "We must study the problems involved in our own town to meet the needs of the young women in their own peculiar circumstances."

#### Receive Reports

At the conclusion of Mrs. Martin's address, the various committees met to outline their programs and goals for the coming year. The following reports were presented: Mrs. Frank H. Kramer, chairman of the health program, announced that, among other plans, a cooking school would be organized. Mrs. William Pensyl, chairman of the membership committee, said her group set a goal of 350 members for 1952. Mrs. Fred Pfeffer, chairman of the world fellowship committee, announced a display of "Y" program booklets dealing with programs in foreign countries will be placed in the library. Mrs. Charles E. Weikert, chairman of the house committee, announced plans to improve the "Y" kitchen.

Mrs. John S. Rice, chairman of public affairs, announced that Dr. Basil Gravier of Gettysburg college will give a six-weeks' course on the United Nations, to be followed by a trip to New York city to attend at least one session of the assembly, and that, beginning in January, local legislation will be studied with a series of lectures as part of the program. ### MAN BURNED BY ELECTRIC WIRE WHILE PAINTING

A painter employed by the Sun Oil company headquarters in York engaged in painting signs at a service station operated by Roy W. Hankey and Son, three miles east of Gettysburg on the Lincoln highway, was badly burned at 1 o'clock Tuesday afternoon when his right arm came in contact with a 4,600-volt electrical distribution line of the Metropolitan-Edison company.

The Warner hospital gave his name as Allen L. Cleckner, 38, of Manchester R. 1. He was taken to the hospital in the ambulance, where this morning his condition was reported as improved, but still serious.

The current from the high voltage line passed through both arms, according to the hospital. The right arm suffered the worst burns and was ripped open. Cleckner was on a ladder about 15 feet from the ground. In addition to the severe electrical burns of both arms and chest, he suffered contusions of the shock and abrasions and contusions of the face when he fell from the ladder.

The 4,600-volt line is a distribution line from Gettysburg which feeds consumers along the Lincoln highway east of Gettysburg. Part of the service station sign Cleckner was painting is close to the line.

### TOWN BAND IS SEEKING FUNDS FOR NEW SUITS

Members of the Blue and Gray band, who have been working for the past several months to raise funds for the purchase of new uniforms, today launched an appeal for additional contributions.

Numerous clubs and other local organizations have contributed to the band fund, but the latter is still short of the amount needed, and the band today gave other organizations, businessmen and others an opportunity to add to the fund.

**Engagements Booked**  
"Since the main purposes of the band organization are to furnish a means for furthering music activities for the 'out of school' people, and to be of service to the community, the members of the band feel their obligation to make an attractive appearance both in the community and in neighboring towns," George Olinger, treasurer, said. "We feel, therefore, that many citizens would like to help the band

### Ballot Cost Ranged From \$4 To 22 Cents

Adams county had to expend 48 cents for each civilian vote cast at Tuesday's primary—and \$4 for each of the 35 military ballots cast.

The expense per vote varied from Hamiltonban No. 2, where it cost the county \$3.50 for each vote cast, to Gettysburg Second ward, where the large "economy size" vote brought the cost per ballot down to 22 cents.

The county paid out \$2,833.10 to election board officials who served at the primary. The cost per ballot, as worked out by the county election board, includes also the cost of the ballots and supplies. The cost of the election, including the amount paid for election officials, ballots and election supplies was \$3,800.85. Of that amount, \$140 was for the 164 different ballots that had to be printed for the military vote.

### CLUB MEMBERS ARE ASSIGNED TO S. A. DRIVE

Members of the Exchange club who will assist in the current Salvation Army fund campaign by soliciting the business district in Gettysburg were given assignments at Tuesday night's meeting of the club at Banker's restaurant.

N. A. Meligakes is in charge of the business district solicitation. Assignments were made by him to the following volunteers: Mr. Meligakes, Lincoln Square; Richard Shaeffer, both sides of Carlisle street; John Sientz, north side of York street; Glenn Guise, south side of York street; Robert P. Snyder, east side of Baltimore street; Eugene Weishaar, west side of Baltimore street; E. Donald Scott, north side of Chambersburg street and David E. President E. Donald Scott presided at the meeting. Jay Bringham reported on a state meeting at Bedford Springs last week, and announced that a new building is to be dedicated at Pennsylvania Junior Republic, Grove City, May 3. An invitation was extended to local Exchanges to attend.

Letters were read from the Blue and Gray band thanking the club for a contribution to the band's fund for new uniforms and from Paradise Protectors for providing free admission for 40 youngsters at the Riedel Magical Revue sponsored by the club last week in the high school auditorium.

### MINOR OFFICE OUTCOMES ARE STILL IN DOUBT

Adams county's voters Tuesday selected the greater majority of 126 Republican committeemen and 104 Democratic committeemen and women scheduled to be named at the primary election.

In some districts, however, where there were numerous write-in votes, the ultimate decision on who some of the committee members will be will have to be decided by the county election board when it draws off the ties that resulted. In a few instances the voters apparently had no particular choice for the offices and failed to fill them.

Three Republican committeemen were to be selected from each district. Two Democratic committeemen were to be named from each district and in addition a Democratic committeewoman was to be named in 20 districts. The districts in which committeewomen were scheduled to be named are so listed in the results of the district elections which follow:

**Hamiltonban No. 2**—Republican committee, John W. Naugle, 3; Elmer Daywalt, 3; Allen Daywalt and Edgar Strang, each one; Democratic, Lloyd Strang, 3, only candidate. 12 Republican and four Democratic votes cast.

**Highland**—Republican committeemen, J. Allen Kane, 13; Walter Hay, J. Howard Brown, Clarence Weikert, C. M. Barlip, Glenn Keifer and John Beard, each one vote; Democratic committee, Ray Walker, 47; Russell Stoops, 6; Robert Carbaugh, 5; Ray Carbaugh, 3, three others with one vote each. A total of 50 votes were cast.

### SCHMIDT HEADS INTERFACULTY CLUB FOR YEAR

The Rev. Herbert H. Schmidt, librarian at the local seminary, was elected president of the Interfaculty club Tuesday evening at a meeting held in the Fine Arts building on the Gettysburg college campus.

Rev. Dr. Harold Dunkelberger, of the Bible department of the college, and former secretary, was named vice president. Dr. Glenn Weiland, of the chemistry department of the college was elected secretary.

Programs for next year's meetings, to be held once a month from November to April were suggested. Among the suggestions were a talk (Please Turn to Page 2)

### Defeats All Opponents By More Than 530,000 Votes; Adams County Democrats Favor "Ike"

Francis Worley, Latimore township, won the Republican nomination for representative from Adams county in the General Assembly by a margin of 720 votes in Tuesday's primary over Assemblyman H. Earl Pitzer, Menallen township, who was seeking re-election.

Worley, who served as assemblyman from this county for eight years before Pitzer's current term, carried 32 of the 42 voting districts in the county to roll up a total of 3,092 votes. Pitzer was high man in ten districts and garnered 2,372 votes.

#### Mrs. Orner Wins

Pitzer carried his home township of Menallen by a margin of 53 votes and carried two of Gettysburg's four voting districts but lost the borough by 30 votes. Worley's total in the borough was 613 and Pitzer's, 583. Worley took the lead when the first districts reported Tuesday night and stayed ahead throughout the count.

In another contest that attracted considerable interest Mrs. Ruth Linah Orner of Bendersville defeated Mrs. Esther Hayberger of Gettysburg 3,266 to 1,643. Mrs. Orner carried 36 districts and Mrs. Hayberger five including the Third ward in Gettysburg. They each received four votes in the second Mt. Pleasant township district.

#### Some Figures Unavailable

No tabulation was made of the unopposed candidates in the local voting on Tuesday.

State Senator Donald P. McPherson received a large complimentary vote for the unopposed Republican renomination for state senator from the Adams-Franklin district. G. Charles Middour, Waynesboro, used stickers and write-in votes to get the Democratic nomination.

S. Walter Stauffer, York, received 3,663 votes in this county as the Republican candidate for Congress from the new York-Adams-Cumberland district. He was not opposed. This county gave James F. Lind, Democratic candidate for re-election to Congress, 1,777 votes but no district figures were available.

Clarence W. Epley of Gettysburg was elected to the Republican State committee without opposition. Scattered write-ins against him will not be tabulated until the official count.

#### Elect GOP Delegates

Samuel S. Lewis, York, and George W. Kunkle, Carlisle, neither of whom promises to support the popular choice for president, were elected as GOP convention delegates, and J. Arthur Boyd, Littlestown, and Oliver J. Dickey, New Cumberland, were named as alternates. All were unopposed.

John H. Bashore was elected Republican county chairman for two more years without any opposition.

Adams countians made it clear Tuesday that their fellow countian, General Dwight D. Eisenhower, is their choice for President of the United States.

General Eisenhower led the Republican ticket in this county in Tuesday's voting and Democrats wrote his name in more often than any other candidate.

The Republicans gave Eisenhower a total of 3,929 votes. The nearest approach to that was the 3,915 bal-

**Philadelphia, April 23 (AP)—Gen. Dwight D. Eisenhower's** whopping popularity poll victory in the Pennsylvania primary prompted demands by his backers today for a Lion's share of the state's 70 GOP presidential nominating votes.

But backers of Sen. Robert A. Taft of Ohio, the general's chief opponent for the Republican nomination, called the results "meaningless" so far as the division of convention votes is concerned.

It was a one-sided contest from the start, since Taft kept his name off the ballot and urged his backers not to write it in. He said the results would not affect the delegate lineup.

#### Impressive Victory

Eisenhower's sweep was impressive in the Republican popularity contest, despite Taft's avowed efforts not to become involved as a candidate. Returns from 8,137 of the state's 8,421 precincts showed:

Eisenhower 825,922; Stassen 117,596; (write-in) Taft 166,451; MacArthur 5,341; Warren 2,897 (includes 1,062 of 1,083 precincts in Allegheny county [Pittsburgh] and 1,417 of 1,417 precincts in Philadelphia).

In the Democratic contest, where there was no name on the ballot and all votes were write-ins, Kefauver got 81,442 vote and Truman 21,358 from 7,839 of the 8,421 precincts.

#### Democratic Support

Eisenhower was third on write-ins, with 17,712 votes. He was ahead of such Democratic candidates as Sen. Robert S. Kerr of Oklahoma, 11,291, and Richard Russell of Georgia, 11,291, and W. Averell Harriman of New York, 1,538. He topped Gov. Adlai Stevenson of Illinois, who said he "could not accept" a nomination but drew 2,869 votes, and Vice President Alben Barkley, 391, who has been silent on his plans.

Taft got 1,000 Democratic write-ins and Mrs. Eleanor Roosevelt 1,108, the latter almost entirely as a result of a sticker campaign in one Philadelphia ward.

#### Martin Wins Easily

Sen. Edward Martin, generally regarded as leaning toward Taft, won renomination for a second term race. He will be opposed by Democrat Guy K. Bard, a judge of the U.S. District court in Philadelphia.

Martin won the GOP nomination over former Congressman James P. Scoblick of Archbald, Lackawanna county, and Steele Clark of Indiana county.

Martin polled 768,978 votes in 7,813 of 8,421 precincts. Scoblick had 99,604 votes and Clark 152,634 votes. On the Democratic side Judge Bard of Lancaster outdistanced former Auditor General G. Harold Wagner of Luzerne county and will face Martin in the November general election.

In 7,438 precincts of the 8,421, Bard had 290,642 votes and Wagner 129,548.

#### Democratic Surprise

The surprise of the balloting was the strong showing of a Duryea, Pa., native, Edward B. Joseph, in his bid for the Democratic nomination as auditor general. He lost to Miss Genevieve Blatt of Pittsburgh, backed by the Democratic state organization, but only because he failed to carry the big city vote. He outscored Miss Blatt in most of the rural counties.

On the Republican ballot, Auditor General Weldon B. Heyburn was unopposed for the GOP state treasurer's nomination, and State Treasurer Charles R. Barber of Erie won the party's nomination to seek Heyburn's job in November.

State Senator George M. Leader of York won the Democratic state treasurer nomination without opposition.

#### All Counties For Ike

In the presidential balloting, all 67 counties turned in a majority for Eisenhower.

The state's industrial centers, like Erie, Lancaster, Harrisburg, Allentown, Scranton, and Philadelphia, rolled up majorities for the general ranging from 8-1 to 10-1. In the rural areas Eisenhower fared as well but on a smaller vote basis.

Judge John Arnold of Clearfield county won convincingly over Judge Harry Montgomery of Allegheny county in the contest for the Republican nomination for a seat on the State Supreme court.

Montgomery had no opposition for the Democratic nomination and cross-filed on the Republican side. They are after the seat left vacant by retirement of Chief Justice James Drew.

**Albany, N. Y., April 23 (AP)—Gen. Dwight D. Eisenhower's** supporters beat down most of yesterday's primary opposition and apparently assured him of at least 85 or 90 of New York's 96 national-convention presidential votes.

lots cast for U. S. Senator Edward Martin in his campaign for re-election.

On the Democratic ticket, where no names were printed on the ballot for President of the United States, "Ike's" name was written in 342 times. The runner-up was Senator Estes Kefauver who received 316 write-in votes.

#### Voting Is Light

The voting Tuesday was comparatively light—only about 43 percent of the registered voters went to the polls. There were 5,749 Republican and 1,619 Democratic ballots cast. There are 16,784 men and women eligible to vote.

Harold E. Stassen, only other Republican candidate with his name on the GOP ballot, received only 412 votes in this county but Senator Robert Taft had his name written in 872 times by Republicans. There were 66 write-in votes for General MacArthur and 8 for Governor Warren of California.

The Democratic votes, excepting those for Eisenhower and Senator Kefauver, were widely scattered. President Truman got 65 votes, Gov. Stevenson of Illinois, 7; Russell, 11; MacArthur, 19; Harriman, 25; Stassen, 5; Taft, 43; Barkley, 5; David Lawrence, 2; J. Edgar Hoover, 1; Douglas, 1; Kerr, 1, and John S. Fine, 1.

# PARKS DOUBLE; MAN FINED \$5

Borough police Tuesday night arrested Clarence Wooters, Hanover, on a charge of double parking on Lincoln Square, in front of the Hotel Gettysburg. Wooters paid a fine of \$5 and costs to Justice of the Peace Robert P. Snyder.

Police officers kept a close watch on Lincoln Square traffic and warned other drivers who stopped to park double. A number of motorists were also directed to park legally, and not leave their cycles standing in the street.

State police of the Gettysburg substation also filed a number of charges, among them the following:

John R. Cervina, Haddon Heights, N. J., a Gettysburg college student, stop sign violation; Delbert Keener, Munhall, Pa., truck overload; Francis Hall, Philadelphia, speeding; R. V. Golyer, Hanover, improper pass, and Marvin W. Socia, Stratton street, illegal parking.

Ten-day notices were sent out on these charges by Squire Snyder.

Carmen DeFilippo, Grenada, Miss., paid a fine of \$5 and costs to Justice of the Peace John H. Basehore on a stop sign violation filed by borough police.

# CLEAN HUGE RESERVOIR

Employees of the Gettysburg Municipal Authority today are cleaning the 1,000,000-gallon water supply reservoir on Cemetery hill, preparatory to placing it in use while the 500,000-gallon tank adjoining it is being cleaned and painted next month. John H. Long, superintendent, said today.

It is the first time the reservoir has been cleaned since 1937. It is not regularly used, its million gallons of water being held in reserve for emergencies. The borough's water supply is taken from the 500,000 tank.

The water in the reservoir is being drained into a storm sewer at the foot of the hill, and the sides and bottom being washed with a fire hose and sprayed with a chlorine solution. When cleaned it will be refilled with treated water from the pumping station.

Contributions should be sent to Miss Grace Myers, president of the band, or Mr. Olinger.

A number of engagements have been booked for the summer. Open dates can be secured and bookings arranged with Karl Orndorff, secretary, 151 South Fourth street, Steelton; Charles Rogers, conductor, 452 West Middle street, or Mr. Olinger, 137 South Washington street.

Musicians interested in joining the band are invited to attend rehearsals in the band hall in the rear of the fire engine house, East Middle street, Thursday evenings at 8 o'clock. Members will be measured for new uniforms Thursday night.

# Hundreds Inspect School Exhibits

Hundreds of parents and friends of grade school pupils visited the three grade school buildings in Gettysburg Tuesday evening to inspect the annual display of classroom work for the year with art work forming an important part of the display.

Teachers were on duty in their classrooms to greet the parents and answer questions about the displays.

This was the first time the display was held in all three buildings on the same evening. In other years a special evening was taken for each building.

The Gettysburg Parent Teacher association conducted a good sales at the three buildings during the evening.

Dr. Frederick Shaffer outlined themes of modern music which he claimed aims more at building patterns and pictures by sound rather than attempting to follow more classical forms of melodic composition.

Dr. William Schneiderman discussed and displayed paintings by a number of modern artists including Picasso and Gauguin. Much modern art he said, attempted by color and form not to represent any particular thing, but to arouse an emotion or feeling in the viewer.

jom. No progress was made toward settling truce supervision disputes—Communist nomination of Russia as a neutral inspector and Allied insistence the Reds be barred from repairing military airfields.

It appeared more and more that the truce supervision negotiators were awaiting outcome of secret negotiations in a neighborhood tent on prisoner exchange. The prisoner session lasted two hours. There was no report on what happened.

**Explosions Near Tents**

During negotiations, Allied artillery shells burst in a brief but heavy barrage near the Panmunjom neutral zone. The concussion shook the wooden floors of the conference tents.

In the supervision session a Communist interpreter was reading a translation when the barrage opened. He hesitated a moment then went on. There was no other recognition of the war going on outside.

Col. Don O. Darrow opened the meeting by telling the Communists the U.N. Command had proposed solutions for the two remaining problems "and we now await action on your part."

North Korean Col. Chang Chun San replied Russia met the qualifications of a neutral. He said the airfield debate would be ended if both sides "adhere to the agreements" not to bring additional military equipment, including aircraft, into Korea during an armistice.

The meeting was recessed until 11 a.m., Thursday (9 p.m. Wednesday EST).

**Offensive Anniversary**

Seoul, April 23 (AP)—Light patrol contacts and probes rippled across the Korean battlefield today as Allied soldiers soberly observed the first anniversary of a massive Red offensive.

The Communists showed little willingness to repeat the punch they threw last April 22-23.

The front then was just a few miles south of where it is now. The U. S. Eighth Army rolled with the Red punch almost back to Seoul. But in about a week it recovered the lost ground.

Gen. James A. Van Fleet, Eighth Army commander, said in an anniversary statement for the Associated Press that if the Reds tried another such spring drive it "would be finished by the Eighth Army and attached United Nations forces very probably further north than the present static line."

**Pranksters Spread Word About "Prizes"**

Radio Station WGET's "Hold the Phone" contest, a regular feature over the air, awards no money in prizes and all merchandise prizes are mailed to winners, the station announced over the air today, setting at rest reports that cash awards were being made at the station.

"There are pranksters making telephone calls in Adams county identifying themselves as being from WGET, offering people money," the radio announcement said. In denying that cash awards are made, the station said.

"If you are called and told to come to the station for a cash award, please disregard it."

The "Hold the Phone" program goes on the air from WGET each morning, Monday through Friday, at 9:30 o'clock.

Election Briefs

The second district of Hamilton-ban township where only 14 Republican and four Democratic votes were cast in 13 hours Tuesday, was the first district to report at the court house Tuesday night. The election board arrived at the commissioners' office at 9:50 p.m. High-and township was next, arriving about 9:55, after counting 50 ballots as their day's work.

In Union township someone cast a vote for "Howard Taft" and later another ballot for the deceased U. S. president came in from the Second ward of Littlestown. At least one die-hard Republican voter in the county still wants Dewey for president and wrote his name on the ballot.

The two election boards from the first ward in Gettysburg arrived at the court house at 12:10 a.m., bringing the first returns from the county seat. The Third ward was in by 12:30 a.m. but it was 1:30 a.m. before the Second ward was given a partial recount job when it was found they had listed 199 votes for Lind for Congress, more than the total number of Democratic votes cast in the ward. The re-check showed the figure should have been 113 for Lind.

There were many write-ins for most offices. Someone in the Second precinct of the First ward wrote in the name of Henry M. Scharf for president and in the Second ward Harold Cromwell got a vote for the same office. Attorney Franklin R. Bingham got a vote for state Supreme court from Cumberland township.

Last district to report this morning was Menallen township. That board reported at 2:45 a.m. Franklin was runner-up for the dubious honor by getting in at 2 a.m.

In New Oxford one voter wrote in the name of Margaret Truman for president.

## BULLETS WHIP MOUNTS 13-8 IN LOOSE GAME

In a loosely played game which saw 24 bases on balls issued by the pitchers and eight errors committed, the Gettysburg college baseball team won its second victory in as many starts by defeating Mt. St. Mary's 13-8 here Tuesday afternoon. Two Bullet batsmen were hit by pitched balls. The game required three hours and one minute. Each team secured only six hits out of the generosity of the hurlers and fielding bobbles produced plenty of scoring.

The Mountaineers overcame a 4-1 deficit margin in the fourth inning when four runs resulted on five bases on balls, a pair of singles and an error.

Coach "Hen" Bream's outfit came right back for six runs in its half four walks, two singles, an error and a wild pitch.

Longest hits of the game were ripples by Owings in the first inning to drive in Bixby and by Shaffer in the second frame.

Winand, the third of Gettysburg's hurlers, was credited with the victory while the loss went to Owens, starting Mount pitcher.

The Bullets next meet Temple in Philadelphia on Saturday.

Today the Mountaineers, victorious in three games, will be host to Towson at Emmitsburg.

## TRIBE STOPPED BY BYRNE; SOX DEFEAT TIGERS

**By JACK HAND**  
(Associated Press Sports Writer)  
You might say the St. Louis Browns "Byrne up" the Cleveland Indians.

Tommy Byrne, the ex-Yankee wildman, who found control on the banks of the muddy Mississippi, can't stand to see the Tribe on a winning war dance.

Last August the Indians came to St. Louis with a wampum string of 13 straight wins. Along came Byrne. And then there was none. Last night the Indians brought a near-record seven game win streak to town. Once again Mr. Byrne got out his old lefthanded tomahawk. No record. No win streak. Almost no lead.

Byrne's eight-hitter and 8-3 victory left the Browns only a half game behind the front-running Tribe. It was enough to make a crowd of 15,119 sit through a drizzle.

**Rosen Gets Homer**  
When the Browns' early 3-0 lead narrowed to 3-2 on Al Rosen's homer in the seventh, Roger Hornsby's giddy crew piled up five more runs in the seventh. Rosen with a homer, triple and double was the only Indian who troubled Byrne.

The 32-year-old lefty walked only one and hit only one as Cleveland lost its first game.

Another budding streak was kept alive when Chicago dumped Detroit, 2-0, for the Tigers' eighth straight loss. Five more and the Tigers can tie their own major league record of 13 consecutive defeats at the start of the 1920 season.

The "new faces" campaign continued to pay off for Lou Boudreau's Boston Red Sox as rookie Bill Henry, a 24-year-old lefty from Shreveport, won his second straight, 10-5, over Washington. Jim Pier-sall, the kid shortstop, collected three hits and Don DiMaggio had four, including a home run.

**Sixth In Row For A's**  
Johnny Sain, once a curve ball ace in the National league, came through with a fine three-hitter for the New York Yankees to hand the Philadelphia A's their sixth straight loss, 3-1.

Those Chicago Cubs continued to act like the toughest kids in the block as they hammered Pittsburgh pitching for 17 hits in a 13-2 romp. Dee Fondy was the ring leader with four hits.

Brooklyn threw its southpaw punch against the Boston Braves again and swept a two-light double-header, 2-1 and 3-1 behind Chris King, rf.

## TRIBE STOPPED BY BYRNE; SOX DEFEAT TIGERS

By JACK HAND

(Associated Press Sports Writer)

You might say the St. Louis Browns "Byrne up" the Cleveland Indians.

Tommy Byrne, the ex-Yankee wildman, who found control on the banks of the muddy Mississippi, can't stand to see the Tribe on a winning game.

Last August the Indians came to St. Louis with a wampum string of 13 straight wins. Along came Byrne. And then there was none. Last night the Indians brought a near-record seven game win streak to town. Once again Mr. Byrne got out his old lefthanded tomahawk. No record. No win streak. Almost no lead.

Byrne's eight-hitter and 8-3 victory left the Browns only a half game behind the front-running Tribe. It was enough to make a crowd of 15,119 sit through a drizzle.

**Rosen Gets Homer**

When the Browns' early 3-0 lead narrowed to 3-2 on Al Rosen's homer in the seventh, Roger Hornsby's giddy crew piled up five more runs in the seventh. Rosen with a homer, triple and double was the only Indian who troubled Byrne. The 32-year-old lefty walked only one and hit only one as Cleveland lost its first game.

Another budding streak was kept alive when Chicago dumped Detroit, 2-0, for the Tigers' eighth straight loss. Five more and the Tigers can tie their own major league record of 13 consecutive defeats at the start of the 1920 season.

The "new faces" campaign continued to pay off for Lou Boudreau's Boston Red Sox as rookie Bill Henry, a 24-year-old lefty from Shreveport, won his second straight, 10-5, over Washington. Jim Pier-sall, the kid shortstop, collected three hits and Don DiMaggio had four, including a home run.

**Sixth In Row For A's**

Johnny Sain, once a curve ball ace in the National league, came through with a fine three-hitter for the New York Yankees to hand the Philadelphia A's their sixth straight loss, 3-1.

Those Chicago Cubs continued to act like the toughest kids in the block as they hammered Pittsburgh pitching for 17 hits in a 13-2 romp. Dee Fondy was the ring leader with four hits.

Brooklyn threw its southpaw punch against the Boston Braves again and swept a two-light double-header, 2-1 and 3-1 behind Chris

## HANOVER TOPS SQUIRES 6-1

Hanover high school's unbeaten baseball team won its fourth straight game Tuesday afternoon by recording a 6-1 victory over Delone Catholic on the Nighthawks' diamond.

Rudisill held the Squires to three hits while Hanover gained seven, three by Lookenbill including a triple.

The lone Delone run came in the J. Smith sacrificed, and Wierman first inning when T. Smith singled, singled to drive over the base runner.

Delone, with a 1-2 record, next meets the Gettysburg high Warriors here on April 29.

## Sport Shorts

By WILL GRIMSLEY

New York, April 23 (AP)—Vagrant quotes — lost, strayed and stolen: Casey Stengel, Yankees manager: "It's that shortstop fellow (Marty Marion) who has given the Browns their big lift this year. He's getting old, all right, but it's been years since the Browns had a good man there. Also that Hornsby (Manager Roger Hornsby) has the boys all fired up. They could be tough."

Fred Corcoran, sports promoter: "Who do you think is going to be the highest man in sports this year — Stan Musial, Jersey Joe Walcott, Sugar Ray Robinson? No, sir, it'll be golfer Ben Hogan. Besides his regular earnings and that bus company settlement for his accident (reportedly \$25,000 a year for ten years), Ben is picking up about \$5,000 a week on exhibitions."

Chuck Dessen, Dodgers manager: "It's getting harder than ever for major league clubs to keep a good man at every position. The old guys like Joe DiMaggio are wearing out and the armed services are grabbing the young men who ordinarily would be topflight replacements."

Gene Sarazen, former golf champion: "Who do you think is going to be the next few years if all our golf champions have degrees. With caddy carts and other gadgets replacing caddies, the best players now are coming from colleges rather than from the bag-toting ranks."

George Munger, University of Pennsylvania football coach: "I believe in keeping football in its proper sphere but that can be done without prohibiting spring practice."

## Unbeaten Smith To Meet Chavez

Washington, April 23 (AP)—Unbeaten Gene Smith, the little guy with the big punch, takes aim tonight at the fighter he hopes will be his 31st consecutive victim, Fabula Chavez of Hollywood.

The 10-round fight will be broadcast and televised nationally starting at 10 p.m. (EST).

Offhand, the 20-year-old Smith appears to have all the best of it. Not only has he won all his 30 pro fights, but he has ended 23 of them by knockouts.

These results—and an assist from Uncle Sam—have moved him up until he's the No. 2 active featherweight in the United States. He's rated fifth best in the world, active and inactive.

Champion Sandy Saddler lost a unanimous decision to his draft board, was inducted into the army, and isn't likely to see ring action for a couple of years.

# Today's Talk

By **GEORGE MATTHEW ADAMS**  
**THE UPWARD TREND**  
More than anything else we need an abiding faith, confident that there will always be an upward trend to all things just and ennobling. With all its troubles and anxieties, I know that the world is a better one than it was in my youth. For one thing, greater consideration is being shown for the welfare of the humblest human being.

The great Thomas A. Edison's last public message was in these words: "My message to you is: Be courageous! I have lived a long time. I have seen history repeat itself again and again. I have seen many depressions in business. Always America has come out stronger and more prosperous. Be as brave as your fathers before you. Have faith! Go forward!"

The trend of Edison's life was always upward. Few men have done so much for humanity. To the very last he worked and inspired all about him. He gave light to the world and kept inventing improvements on what already existed. He created new inventions and he kept carrying on.

It is the hope and prayer of us all that war may soon be eliminated from the world. That would be an upward trend such as the world has never known—yet it is well within a possibility. Such an event would do more to lift the hope and energy of mankind than anything ever achieved. It is all embodied in the Biblical statement: "Thou shalt love thy neighbor as thyself," and in the truth of the Golden Rule. War has done more to put fear into the world than any other factor. What an upward trend of happiness there would be if it no longer existed!

The sunny day slips noiselessly into its western sunset—then there is darkness lit only by the stars that pave the heavens. But in the morning there is light again. The trend is on and on. Springtime arrives and the trees stretch their limbs and reach higher to the hands of love in the sky. Tomorrow can always be better—if you make it so!

Tomorrow Mr. Adams will talk on the subject: "Sentiment."

## Today's Talk

By GEORGE MATTHEW ADAMS

### THE UPWARD TREND

More than anything else we need an abiding faith, confident that there will always be an upward trend to all things just and ennobling. With all its troubles and anxieties, I know that the world is a better one than it was in my youth. For one thing greater consideration is being shown for the welfare of the humblest human being.

The great Thomas A. Edison's last public message was in these words: "My message to you is: Be courageous! I have lived a long time. I have seen history repeat itself again and again I have seen many depressions in business. Always America has come out stronger and more prosperous. Be as brave as your fathers before you. Have faith! Go forward."

The trend of Edison's life was always upward. Few men have done so much for humanity. To the very last he worked and inspired all about him. He gave light to the world and kept inventing improvements on what already existed. He created new inventions and he kept carrying on. It is the hope and prayer of us all that war may soon be eliminated from the world. That would be an upward trend such as the world has never known—yet it is well within a possibility. Such an event would do more to lift the hope and energy of mankind than anything ever achieved. It is all embodied in the Biblical statement: "Thou shalt love thy neighbor as thyself," and in the truth of the Golden Rule. War has done more to put fear into the world than any other factor. What an upward trend of happiness there would be if it no longer existed!

The sunny day slips noiselessly into its western sunset—then there is darkness lit only by the stars that pave the heavens. But in the morning there is light again. The trend is on and on. Springtime arrives and the trees stretch their limbs and reach higher to the hands of love in the sky. Tomorrow can always be better—if you make it so!

Tomorrow Mr. Adams will talk on the subject: "Sentiment."

## Just Folks

By EDGAR A. GUEST

**THE CAUSE AND THE MAN**  
He may not have a pleasing voice  
Nor eloquence which all clap hands for.

But when we come to make our choice  
Important more is what he stands for.

The television may not show  
Him as a charming facinator  
Unto the cause the vote should go  
For that than any man is greater.

This is no time for wild applause  
Or winning smiles or pleasant speaking  
A man devoted to the cause  
However plain we should be seeking.

## 5 DELEGATES WON BY IKE IN PITT DISTRICT

Pittsburgh, April 23 (AP)—Republicans backing Gen. Dwight D. Eisenhower for the GOP presidential nomination won five convention delegates contests today to one for the Taft forces in the Pittsburgh district—scene of the only clear-cut GOP delegate fight in Pennsylvania's primary.

One of the other delegate races appeared a likely Taft victory on the basis of still incomplete returns. The eighth contest still is in doubt. These Eisenhower-pledged candidates for convention delegates rolled up decisive margins.

Rep. James G. Fulton (R-Pa.), leader of the district's Eisenhower faction, 27th Congressional district; O. B. Hannon in the 28th district; Edgar J. Kaufmann, department store head, 29th district; Judge Louis Mary McBride, 29th district; and Thomas Lard in the 30th.

The Taft victory was chalked up in the 29th district where former Allegheny county (Pittsburgh) commissioner Ernest Hillman won. He is pledged to vote for Taft's nomination.

Former Judge Harry M. Jones, another Taft backer, looked like a winner in the 30th district but later returns could cost him the election. A large Republican vote—brought out by the heated factional fight—and use of the paper ballots slowed the tabulation throughout the district.

The delegate contests in this populous, industrial center drew nationwide attention because they were the only clear cut fights in the state between Eisenhower and Taft forces.

**Taft Helps Forces**  
Each party elected two delegates in each of Allegheny county's four Congressional districts in yesterday's primary. The Democrats put up only one endorsed slate but the Republicans entered two rival slates—one consisting of men promising to vote for Eisenhower at the convention and one composed of candidates pledged to Taft.

Taft lent his supporters personal aid, coming to Pittsburgh for two major speeches.

The "I Like Ike" forces had the endorsement of Governor John S. Pine who had taken a hands-off stand elsewhere in the state.

The governor declared he would like to see the state's 70 Republican delegates go to the convention unopposed. But he took a pro-Ike stand here out of courtesy to Sen. James H. Duff (R-Pa.). Duff was the leader of the Eisenhower camp in Allegheny county.

## Paul C. Patterson, Newspaperman, Dies

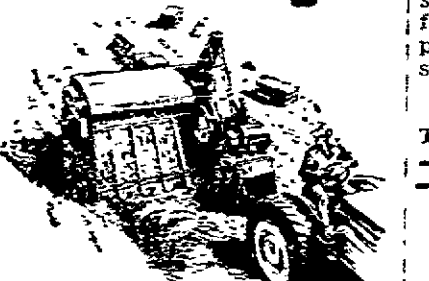

Baltimore, April 23 (AP)—Paul Cheney Patterson, former head of the Baltimore Sunpapers who wanted to be remembered as "always a newspaperman," died Monday after an illness of several months. He was 73. He had retired January 31, 1951, as president of the A. S. Bell Co., publishers of the Sun, the Evening Sun and the Sunday Sun.

Patterson, who rose in the ranks and held most of the positions in the newspaper field at one time or another, attributed his success to two things.

"First," he said, "you should learn everything you can about every job in the business x x x and second, you've got to get the breaks and be ready for them."

Born in Jacksonville, Ill., November 18, 1878, he broke into newspaper work at 18 as a part-time sports writer for the Chicago Tribune. Joining the A. S. Bell Co. in 1911 as managing editor of the new Evening Sun, he was later business manager of the publishing firm and became secretary-treasurer. In 1919 he was elected president of the company and a member of its board of directors.

## Believe Five Dead In Alaska Crash

Anchorage, Alaska, April 23 (AP)—A C-47 transport with five Elmdorf Air Force Base fliers aboard crashed Monday in the Merrill Pass area northwest of here, the air force reported today. A spokesman said it was believed all aboard were killed.

The 39th Air Depot Wing public information officer said search planes sent out when the Tenth Radar Calibration transport was 60 minutes overdue here spotted the wreckage just before nightfall but darkness prevented an immediate check.

Ground crews were sent to the scene and other planes were to fly over the area at daylight.

The public information office said the C-47 apparently crashed about 12:45 p.m. (5:45 p.m. EST) Monday, 40 minutes after it had taken off from Elmdorf on a flight to Sparrevohn airstrip, 175 miles northwest of Anchorage.

## Agree With CED On "No New Taxes"

Washington, April 23 (AP)—Some influential lawmakers agreed Tuesday with the Committee for Economic Development (CED) that the federal budget can and should be balanced next year. These congressmen said new taxes are out of the question.

The CED, a businessmen's research group, also had expressed the belief in a statement yesterday that expenditures could be brought into line with government income without new revenue. But it suggested that if Congress doesn't think so, consideration should be given to a "temporary" federal retail sales tax on everything except food, housing and articles already subject to direct federal excises.

"There aren't any temporary taxes," Rep. Curtis (R-Neb.), a member of the tax-writing ways and means committee commented. "So-called temporary taxes are imposed with the best intentions, but somehow they always become permanent."

## HOUSE RETURNS

## Emmitsburg

Miss Helen Rupp, daughter of Mr. and Mrs. Theodore E. Rupp, Baltimore, was elected president of the Association of the Children of Mary, at a recent meeting. This is the highest student office at St. Joseph's college. As president she automatically becomes a member of the student council and an honorary member of all organizations on campus.

The Sodality is the leading organization on the campus. All clubs are united under this group. The association sponsors annually the Charity Fair and during the year it is responsible for activities of a spiritual, intellectual and social nature. The year culminates with the crowning of the Blessed Mother in May by the president.

Miss Rupp, who will be graduated in June 1953, is a secretarial science major. She has been active in the Dramatic club, Valley Athletic association and an officer of her class. She attended St. John high school.

Visitors at the home of Mr. and Mrs. Paul Glass on Sunday were: Pfc and Mrs. Harry T. McNair, Mr. and Mrs. T. W. Glass and daughter, of Westminster, and E. W. Glass, Kesslemere, Florida.

Pfc Harry T. McNair will leave Monday for North Carolina where he will continue his training in the Marine Corps.

A letter of commendation has been received by Colonel and Mrs. Thomas J. Fraley, chairman and co-chairman, respectively, of the local American Red Cross fund campaign for 1952, from Senator Jacob R. Ramo, of Frederick, general chairman.

But with primary elections in progress in Pennsylvania and New York, no final voting will be taken on the bill until later in the week.

A potent group of Republicans hopes to kill the bill or to knock out some of the new jobs it proposes to create. These Republicans have assailed it as a last-ditch grab for judicial patronage by the Democratic administration.

## Change Their Minds About Loyalty Oath

Philadelphia, April 23 (AP)—Reversing previous refusals to take a state loyalty oath, four discharged interns have signed the oath and asked for reinstatement at Philadelphia General hospital.

Dr. Frank Johnson, of nearby Berwyn, and Dr. Kenneth J. Eagan, of New Haven, Conn., signed the oath Monday. Dr. Curtis G. Wherry, 27, of Memphis, Tenn., and Dr. Donald E. Wohlbrat, 24, of Philadelphia, signed it last Saturday, the hospital announced.

They are among seven employees—including a resident physician and a registered nurse—who were fired last week for failing to comply with the law.

The law passed by the 1951 state legislature, calls for administration of the oath to all state, county and local government employees—including school teachers. The oath pledges allegiance to the constitution of the U. S. and disclaims membership in any subversive organization.

## TELEPHONE RATE CASE RETURNED

Philadelphia, April 24 (AP)—A two-year-old rate increase on local calls by the Bell Telephone company of Pennsylvania has been sent back to the state Public Utility Commission (PUC) for further review.

The action was taken yesterday by the Pennsylvania Supreme court in a ruling on appeals filed by the city of Pittsburgh and the Pennsylvania Industrial Council.

The \$17,963,090 rate increase was approved by the PUC in October, 1949 and both the city and the union appealed to superior court on publican candidate Harrison Bagwell.

The general election served to make official the candidates selected in the Democratic primary on February 19. There are nearly one million registered Democrats in Louisiana compared to about 1,500 registered Republicans.

two financial matters involving cash working capital and pension costs, two of the items on which the company had based its appeal for the rate increase.

Yesterday's action was a high court ruling on these two points. The court sustained the PUC's order except for two points, the PUC's allowance of \$6,200,000 for cash working capital and inclusion of certain pension costs in Bell's current operating expense.

The action was taken yesterday by the Pennsylvania Supreme court in a ruling on appeals filed by the city of Pittsburgh and the Pennsylvania Industrial Council.

The \$17,963,090 rate increase was approved by the PUC in October, 1949 and both the city and the union appealed to superior court on publican candidate Harrison Bagwell.

The general election served to make official the candidates selected in the Democratic primary on February 19. There are nearly one million registered Democrats in Louisiana compared to about 1,500 registered Republicans.

## 5 DELEGATES WON BY IKE IN PITT DISTRICT

Pittsburgh, April 23 (P)—Republicans backing Gen. Dwight D. Eisenhower for the GOP presidential nomination won five convention delegates today to one for the Taft forces in the Pittsburgh district — scene of the only clear-cut GOP delegate fight in Pennsylvania's primary.

One of the other delegate races appeared a likely Taft victory on the basis of still incomplete returns. The eighth contest still is in doubt. These Eisenhower-pledged candidates for convention delegates rolled up decisive margins.

Rep. James G. Fulton (R-Pa.), leader of the district's Eisenhower faction, 27th Congressional district; O. B. Hannan in the 28th district; Edgar J. Kaufmann, department store head, 28th district; Judge Lois Mary McBride, 29th district; and Thomas Laird in the 30th.

The Taft victory was chalked up in the 29th district where former Allegheny county (Pittsburgh) commissioner Ernest Hillman won. He is pledged to vote for Taft's nomination.

Former Judge Harry M. Jones, another Taft backer, looked like a winner in the 30th district but later returns could cost him the election. A large Republican vote—brought out by the heated factional fight—and use of the paper ballots slowed the tabulation throughout the district.

The delegate contests in this populous, industrial center drew nationwide attention because they were the only clear cut fights in the state between Eisenhower and Taft forces.

Each party elected two delegates in each of Allegheny county's four Congressional districts in yesterday's primary. The Democrats put up only one endorsed slate but the Republicans entered two rival slates—one consisting of men promising to vote for Eisenhower at the convention and one composed of candidates pledged to Taft.

Taft lent his supporters personal aid, coming to Pittsburgh for two major speeches.

The "I Like Ike" forces had the endorsement of Governor John S. Fine who had taken a hands-off stand elsewhere in the state.

The governor declared he would like to see the state's 70 Republican delegates go to the convention unopposed. But he took a pro-Ike stand here out of courtesy to Sen. James H. Duff (R-Pa.). Duff was the leader of the Eisenhower camp in Allegheny county.

## Paul C. Patterson, Newspaperman, Dies

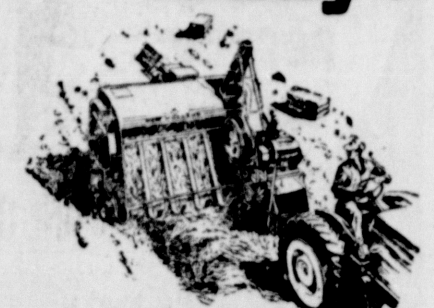

Baltimore, April 23 (P)—Paul Chenev Patterson, former head of the Baltimore Sunpapers who wanted to be remembered as "always a newspaperman," died Monday after an illness of several months. He was 73. He had retired January 31, 1951, as president of the A. S. Bell Co., publishers of the Sun, the Evening Sun and the Sunday Sun.

Patterson, who rose in the ranks and held most of the positions in the newspaper field at one time or another, attributed his success to two things.

"First," he said, "you should learn everything you can about every job in the business x x x and second, you've got to get the breaks and be ready for them."

## Believe Five Dead In Alaska Crash

Anchorage, Alaska, April 23 (P)—A C-47 transport with five Elmdorf Air Force Base fliers aboard crashed Monday in the Merrill Pass area northwest of here, the air force reported today. A spokesman said it was believed all aboard were killed.

The 39th Air Depot Wing public information officer said search planes sent out when the Tenth Radar Calibration transport was 90 minutes overdue here spotted the wreckage just before nightfall but darkness prevented an immediate check.

Ground crews were sent to the scene and other planes were to fly over the area at daylight.

The public information office said the C-47 apparently crashed about 12:45 p.m. (5:45 p.m., EST) Monday, 40 minutes after it had taken off from Elmdorf on a flight to Sparvahn airstrip, 175 miles northwest of Anchorage.

## Agree With CED On "No New Taxes"

Washington, April 23 (P)—Some influential lawmakers agreed Tuesday with the Committee for Economic Development (CED) that the federal budget can and should be balanced next year. These congressmen said new taxes are out of the question.

The CED, a businessmen's research group, also had expressed the belief in a statement yesterday that expenditures could be brought into line with government income without new revenue. But it suggested that if Congress doesn't think so, consideration should be given to a "temporary" federal retail sales tax on everything except food, housing and articles already subject to direct federal excises.

"There aren't any temporary taxes," Rep. Curtis (R-Neb.), a member of the tax-writing ways and means committee commented. "So-called temporary taxes are imposed with the best intentions, but somehow they always become permanent."

Miss Helen Rupp, daughter of Mr. and Mrs. Theodore E. Rupp, Baltimore, was elected president of the Association of the Children of Mary at a recent meeting. This is the highest student office at St. Joseph's college. As president she automatically becomes a member of the student council and an honorary member of all organizations on campus.

The Sodality is the leading organization on the campus. All clubs are united under this group.

The association sponsors annually the Charity Fair and during the year it is responsible for activities of a spiritual, intellectual and social nature. The year culminates with the crowning of the Blessed Mother in May by the president.

Miss Rupp, who will be graduated in June, 1953, is a secretarial science major. She has been active in the Dramatic club, Valley Athletic association and an officer of her class. She attended Seton high school.

Visitors at the home of Mr. and Mrs. Paul Glass on Sunday were: Pfc. and Mrs. Harry T. McNair, Mr. and Mrs. T. W. Glass and daughter, of Westminster, and E. W. Glass, Kesemee, Florida.

Pfc. Harry T. McNair will leave Monday for North Carolina where he will continue his training in the Marine Corps.

A letter of commendation has been received by Colonel and Mrs. Thomas J. Frailey, chairman and co-chairman, respectively, of the local American Red Cross fund campaign for 1952, from Senator Jacob R. Ramsburg, of Frederick, general chairman.

But with primary elections in progress in Pennsylvania and New York, no final voting will be taken on the bill until later in the week.

A potent group of Republicans hopes to kill the bill or to knock out some of the new jobs it proposes to create. These Republicans have assailed it as a last-ditch grab for judicial patronage by the Democratic administration.

## Change Their Minds About Loyalty Oath

Philadelphia, April 23 (P)—Reversing previous refusals to take a state loyalty oath, four discharged interns have signed the oath and asked for reinstatement at Philadelphia General hospital.

Dr. Frank Johnson, of nearby Berwyn, and Dr. Kenneth J. Eagan, of New Haven, Conn., signed the oath Monday. Dr. Curtis G. Wherry, 27, of Memphis, Tenn., and Dr. Donald E. Wohlrahe, 24, of Philadelphia, signed it last Saturday, the hospital announced.

They are among seven employees—including a resident physician and a registered nurse—who were fired last week for failing to comply with the law.

The law, passed by the 1951 state legislature, calls for administration of the oath to all state, county and local government employees—including school teachers. The oath pledges allegiance to the constitution of the U. S. and disclaims membership in any subversive organization.

# SENATE FALLS SHORT IN MOVE TO STOP SEIZURE

Washington, April 23 (AP)—President Truman, under heavy Senate fire and facing a House move to impeach him, stuck to his guns today in the fight with Congress over his seizure of the steel plants.

A powerful Senate drive to force him to cancel the seizure order fell just short of the two-thirds majority vote it required yesterday. But its Republican backers led by Sen. Knowland of California redoubled their cries of "dictator" and "cast

"BE IT RESOLVED that the Board of School Directors of the School District of Straban Township, Adams County, Pennsylvania, in special session on the 10th day of April, 1952, at which a quorum was present, hereby declares its intention to acquire title in fee simple under the provisions of the Act of Assembly heretofore mentioned to ALL that lot of ground situated along a public road in Straban Township, Adams County, Pennsylvania, bounded and described as follows: BEGINNING at a post in the public road aforesaid at other lands of Straban Township School District; thence by said public road South 55 degrees West 102.3 feet to a post at lands now or formerly of Joseph C. about for other devices.

Actually 47 Senators, 11 of them Democrats, voted for the move, and only 29 voted against it. Not a Republican voted "no." A switch of four votes would have provided the two-thirds margin needed to suspend Senate rules and permit action on Knowland's proposal to forbid the use of any federal funds in the seizure.

## Order New Probe

The Senate already had voted Monday, 44 to 31, to ban the use of any money in a specific appropriation bill to carry out the order, but its backers said this was only a gesture.

The Senate banking committee ordered a new investigation into government handling of the steel dispute, which many of its members have denounced vigorously.

But the group quit talking about reprisals that might demolish the whole wide structure of wage and price controls, although it called a month's delay in the writing of a bill to continue them past the June 30 expiration date.

The impeachment resolution, introduced without full GOP consultation, went to committee amid predictions it would never come to a House vote. Neither this nor other reaction jarred Truman loose from his position on the issue and his aides went about the business of carrying out his orders.

## Paint May Lend Weight To Objects

Painting surfaces with different colors can give many unusual effects but one of the most startling is that of altered weight.

Most painting authorities agree that red and orange give the illusion of heaviness while yellow and blue, for example, lend the appearance of lighter weight. Objects appear larger when painted white than when painted black.

The various illusions which are created by paint magic are not only interesting but often valuable to the home owner as they may frequently be employed to good advantage in either interior or exterior painting.

**CORNER WINDOWS HELPFUL**

The use of the bedroom area is almost doubled by corner windows. More wall space is created, allowing for an entirely new arrangement of furniture that may be impossible when regular type windows are used.

# Building Ideas For Home Owners

To cut construction cost without sacrificing structural strength was the aim of the "Home of the Week" Plan Service, in designing the simple, four-room cottage plan, called "The Worcester," which it introduces today.

Keeping over-all dimensions down to 31.6 x 28 feet and cubage to 18,000 feet, using stock materials and square framing, these were among the cost-reducing expedients.

The architects omitted the fireplace in the living-room, thus saving two or three hundred dollars. Baseboards throughout the house are of four-inch material, instead of the more expensive six-inch size. Window and interior door trim is three-inch stock. Picture mouldings

have been eliminated and room ceiling height kept down to 7.6 feet. All of these items means important savings for the builder.

hall space connecting with the other rooms.

Stairs to the attic ascend from this hall and a linen closet is also provided in the hallway, convenient to the bathroom and the two bedrooms.

The large bedroom on the front of the house, measures 12.6 x 13 feet, has three windows and a spacious coat closet. The second bedroom is 9.6 x 11 feet in floor measurements. It also has a clothes closet. Two windows afford cross ventilation.

The kitchen, 11 x 14 feet in floor dimensions, is large enough to accommodate refrigerator, range and a breakfast set or breakfast alcove. One entire wall is filled with a long working counter, with cabinets above and below, and a sink centered in the counter below a window. A small service entry, opening off the kitchen, gives access to the basement stairs.

Insulation should be installed over all ceilings.

# SENATE FALLS SHORT IN MOVE TO STOP SEIZURE

Washington, April 23 (AP)—President Truman, under heavy Senate fire and facing a House move to impeach him, stuck to his guns today in the fight with Congress over his seizure of the steel plants.

A powerful Senate drive to force him to cancel the seizure order fell just short of the two-thirds majority vote it required yesterday. But its Republican backers led by Sen. Knowland of California redoubled their cries of "dictator" and cast

about for other devices.

Actually 47 Senators, 11 of them Democrats, voted for the move, and only 29 voted against it. Not a Republican voted "no." A switch of four votes would have provided the two-thirds margin needed to suspend Senate rules and permit action on Knowland's proposal to forbid the use of any federal funds in the seizure.

**Order New Probe**

The Senate already had voted Monday, 44 to 31, to ban the use of any money in a specific appropriation bill to carry out the order, but its backers said this was only a gesture.

The Senate banking committee ordered a new investigation into government handling of the steel dispute, which many of its members have denounced vigorously.

But the group quit talking about reprisals that might demolish the whole wide structure of wage and price controls, although it called a month's delay in the writing of a bill to continue them past the June 30 expiration date.

The impeachment resolution, introduced without full GOP consultation, went to committee amid predictions it would never come to a House vote. Neither this nor other reaction lured Truman loose from his position on the issue and his aides went about the business of carrying out his orders.

## Paint May Lend Weight To Objects

Painting surfaces with different colors can give many unusual effects but one of the most startling is that of altered weight.

Most painting authorities agree that red and orange give the illusion of heaviness while yellow and blue, for example, lend the appearance of lighter weight. Objects appear larger when painted white than when painted black.

The various illusions which are created by paint magic are not only interesting but often valuable to the home owner as they may frequently be employed to good advantage in either interior or exterior painting.

**CORNER WINDOWS HELPFUL**

The use of the bedroom area is almost doubled by corner windows. More wall space is created, allowing for an entirely new arrangement of furniture that may be impossible when regular type windows are used.

ment and an unfinished attic where, at some future time, an extra room may be created. The outside walls are finished with painted clapboards and the roof is surfaced with black asphalt shingles. The trim on the house is painted black to match.

A simple ell on the front of the house creates an entrance vestibule opening into the living room. This room measures 12.6 x 17 feet, and is brightened by a double window on the front and a single casement on the side of the house. The long, unbroken wall spaces in the room will facilitate the arrangement of furniture.

## New Opportunity For Travel In Mexico

County Agent M. T. Hartman today asked any countian interested in traveling to another country, in the southern hemisphere, under the International Farm Youth Exchange program next winter, to contact him at the court house before May 15. There is an opening for a Pennsylvanian to take part in the IFYE program next year and applications filled out by countians will be sent to the state officials immediately upon their presentation to the county agent's office.

Last year Myles Starnes, Aspers, was selected as one of the IFYE representatives and was one of four men from the U. S. to spend the winter in Mexico under the program. Those selected must be representative farm youths who can meet with farm organizations in other countries and work on farms to help explain some aspects of American agriculture to people in the other countries and learn types of agriculture followed in those countries.

## New Opportunity For Travel In Mexico

County Agent M. T. Hartman today asked any citizen interested in traveling to another country, in the southern hemisphere, under the International Farm Youth Exchange program next winter, to contact him at the court house before May 15. There is an opening for a Pennsylvanian to take part in the IFYE program next year and applications filled out by citizens will be sent to the state officials immediately upon their presentation to the county agent's office.

Last year Myles Starnes, Aspers, was selected as one of the IFYE representatives and was one of four men from the U. S. to spend the winter in Mexico under the program. Those selected must be representative farm youths who can meet with farm organizations in other countries and work on farms to help explain some aspects of American agriculture to people in the other countries and learn types of agriculture followed in those countries.
